

What should you do first?

Print and use this page as a checklist in completing the set up of Optimum Control

- Enter your Suppliers
- Enter your Inventory Items
- Enter your Preps
- Enter your Products / Menu Items
- Enter an opening inventory
- Enter any purchases made since your opening inventory
- Enter or Import your sales
- Enter a closing inventory and run reports

**Tip: You need to complete this checklist in order.
You can't skip steps!**
